DETAILED ACTION

Claim Rejections - 35 USC § 112

Claim 3 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The use of trademarks and the like (specifically, Grayloc) is indefinite because they can change over time.

Allowable Subject Matter

Claims 1-2 & 4-35 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: the claims as supported by the specification differs from the prior art in that it does not teach chemical effluent removal, sampling means, explosive assessment or the placement of a shape charge.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See US PTO-892.
